Mirror Demisters & Towel Heaters

HANDYHEAT®
DANSK VARMEKABEL A/S

Mist free mirrors - simple with mirror demisters!

With a simple installation of mirror demisters your mirror is always mist free and ready for use!

Mirror demisters are very simple to install.Self adhesive side is pressed to the middle of the backside of the mirror.The wire is connected to the electrical power system.

Running costs are negligible - based on one hour use per day an average demister will cost just 13 cents per week to run - a small price to pay for permanent mist free mirror!

This simple and cheap produkt has been used in many hotels all around the world. It gives the bathroom extra luxury and comfort for an acceptable price.

It takes about several minutes to warm up the mirror and make it mist free.

There is no more need to wipe the mirror efter shower! And in many cases it also prolongs lifetime of the mirror.

www.handyheat.net
